

UPOPOLIS is a private online social network available exclusively to paediatric patients in hospitals and healthcare facilities. Best of all, it's fun, free and created especially for kids and teens like you!

WHAT CAN DO?

CONNECT with friends, family and kids at your hospital and others in the UPOPOLIS network.

LEARN more about your condition & treatment with kid-friendly medical information that's been reviewed and verified by medical professionals.

CREATE AND JOIN online discussions with other UPOPOLIS members living with your medical condition, or share experiences, interests and ideas.
